

OCEAN RIG UDW INC. ANNOUNCES SIGNING OF TWO DRILLING CONTRACTS FOR THE OCEAN RIG CORCOVADO AND THE LEIV EIRIKSSON

January 4, 2011 - Ocean Rig UDW Inc. ("Ocean Rig") today announced that it has entered into firm contracts with Cairn Energy PLC for the "Leiv Eiriksson" and the "Ocean Rig Corcovado" for a period of approximately 6 months each.

The total contract value including mobilization for the "Leiv Eiriksson" is approximately USD 95 million. The mobilization period will start in direct continuation from the agreed release date from Petrobras.

The total contract value including mobilization and winterization of the "Ocean Rig Corcovado" is approximately USD 142 million.

George Economou, Chairman and Chief Executive Officer of Ocean Rig commented: "We are pleased to announce the signing of two new contracts with Cairn Energy for the OceanRig Corcovado and the Leiv Eiriksson. We were able to offer the customer a package solution due to the highly specialized nature of our semi-submersibles and also the state of the art drillships. Following the signing of these contracts we are only left with one open drillship, the Ocean Rig Mykonos, that delivers in the fourth quarter of 2011. We are working to secure employment for the Mykonos and also to further increase the contract backlog. Demand for our units has improved significantly and we hope to announce further contracts in the near future."

About Ocean Rig

Ocean Rig is an international offshore drilling contractor providing oilfield services for offshore oil and gas exploration, development and production drilling, and specializing in the ultra-deepwater and harsh-environment segment of the offshore drilling industry. The company owns and operates two ultra-deepwater semi-submersible offshore drilling rigs, and one ultra-deepwater drill ship. In addition, the company has new building contracts with Samsung for the construction of three state-of-the-art advanced capability ultra-deepwater drill ships for delivery in 2011.

NOTE: Matters discussed in this release may constitute forward-looking statements. Forward-looking statements relate to Ocean Rig's expectations, beliefs, intentions or strategies regarding the future. These statements may be identified by the use of words like "anticipate", "believe", "estimate", "expect", "intend", "may", "plan", "project", "should", "seek", and similar expressions. Forward-looking statements reflect Ocean Rig's current views and assumptions with respect to future events and are subject to risks and uncertainties.

The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in Ocean Rig's records and other data available from third parties. Although Ocean Rig believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond Ocean Rig's control, Ocean Rig cannot assure you that it will achieve or accomplish these expectations, beliefs or

projections described in the forward-looking statements contained herein. Actual and future results and trends could differ materially from those set forth in such statements.

Important factors that, in Ocean Rig's view, could cause actual results to differ materially from those discussed in the forward-looking statements include (i) factors related to the offshore drilling market, including supply and demand, utilization, day rates and customer drilling programs; (ii); hazards inherent in the drilling industry and marine operations causing personal injury or loss of life, severe damage to or destruction of property and equipment, pollution or environmental damage, claims by third parties or customers and suspension of operations; (iii) changes in laws and governmental regulations, particularly with respect to environmental matters; (iv) the availability of competing offshore drilling vessels; (v) political and other uncertainties, including risks of terrorist acts, war and civil disturbances; piracy; significant governmental influence over many aspects of local economies, seizure; nationalization or expropriation of property or equipment; repudiation, nullification, modification or renegotiation of contracts; limitations on insurance coverage, such as war risk coverage, in certain areas; political unrest; foreign and U.S. monetary policy and foreign currency fluctuations and devaluations; the inability to repatriate income or capital; complications associated with repairing and replacing equipment in remote locations; import-export quotas, wage and price controls imposition of trade barriers; regulatory or financial requirements to comply with foreign bureaucratic actions; changing taxation policies; and other forms of government regulation and economic conditions that are beyond our control; (vi) the performance of our rigs; (vii) our ability to procure or have access to financing and comply with our loan covenants; (viii) our ability to successfully employ our drilling units; (ix) our capital expenditures, including the timing and cost of completion of capital projects; and (x) our revenues and expenses. Due to such uncertainties and risks, investors are cautioned not to place undue reliance upon such forward-looking statements.
